Outside Unions Rallying  
to the Aid of the  
Steel Strikers.

## MEN DESIRE PEACE

President Schwab Is Charged  
with Being Principal Block  
Against a Settlement.

## TIN MILLS ARE IDLE

Pittsburg, August 23.—It is reported this morning that a conference will be held this afternoon between Shaffer, John Mitchell, president of the mine workers; Grand Master Sargent of the Locomotive firemen; Henry White, president of the garment workers and Ralph Easley, secretary of the National Civic Federation. The object of the conference is unknown. It is believed the meeting was arranged so that the unions might know how much help is necessary and to what extent they can be useful to striking steel workers. Easley has been a peace promoter and his part in the gathering it is said would indicate that the unions are striving to bring the strike to an honorable close.

**Tin Plate Mills Idle**  
McKeesport, August 23.—No attempt has been made to start the tin plate works this week at Demmler. It is thought, however, that some move of this kind will be made next week.

## SUIT AGAINST STEEL TRUST

Amalgamated Claims That Many Men  
Are Held As Prisoners

Pittsburg, August 23.—The Amalgamated officials are preparing a suit against the steel trust charging that the mill managers are forcibly and illegitimately keeping men in the mills who desire to leave. It is reported that they are virtually held as prisoners and that their every action is watched by the guards. As soon as enough competent witnesses can be secured the case will be taken into the courts.

Fifty machinists employed in the Pennsylvania Tube Works will quit tonight and say that they will not return to work until the strike is settled. This will completely tie up the plant. Two mills are running in the Star Tin Plate Works this morning. The officials of the Painter Steel Hoop Plant claim the entire plant will be in operation soon.

## SCHWAB IS A LABOR CRUSHER

Charges Against the President of  
Steel Trust by a Labor Leader

Chicago, Ill., August 23.—Charles M. Schwab is a labor crusher. With that pupil of Carnegie out of the way we would have smooth sailing.

This was the opening shot of a somewhat sensational statement which Vice President William C. Davis of the Amalgamated association made today in South Chicago. It was a reply to an inquiry as to whether or not Mr. Schwab, in any position assumed by him, stood in the way of a settlement of the strike. As a high official in the association Mr. Davis came in contact with the steel combine managers, including the officer of whom he speaks, at the several conferences in the east when efforts were being made to secure a set wage scale satisfactory to both sides.

"Yes, Charles M. Schwab is the stumbling block in the way of a settlement," continued Mr. Davis. "If Mr. Schwab had not been at the New York meeting there would have been no strike. In case Mr. Schwab resigns voluntarily or by compulsion, but in earnest and in all sincerity, there will be a settlement of the strike within a week.

"The Amalgamated association is not making a fight upon any minor official of the steel combine, but on Mr. Schwab. The fight is against him. He has stood and still stands in the way of a settlement.

"It was his proposition that only last year's scales be signed, with the exception of Wellsville and McKeesport. He said: 'Those are our principles. We will sign for nothing else.'

"No official of the big combine has opposed a settlement, and we could come to an agreement with Mr. J. Pierpont Morgan or any other official except Mr. Schwab in a very short time. Whatever settlement was reached would be satisfactory to both sides too."

## PAPERS MISSING IN SCHLEY CASE

Signal Corps Records and Other Records of the Spanish War Taken  
from the Files.

Washington, D. C., August 23.—A discovery that may prove of great importance was made at the war department today. Captain Parker of Admiral Schley's counsel, while searching for the originals of certain dispatches, especially for the purpose of ascertaining whether the records were complete in showing that Admiral Sampson had been promptly informed of the presence of Cervera's fleet in the harbor of Santiago, discovered that practically all the records of the signal corps during the Spanish

war are missing from the files. General Greely, the chief of the corps, is now in the Philippines and will not return for several months, unless summoned to appear before the Schley court of inquiry as a witness.

It may be that General Greely has intentionally hidden the dispatches to prevent outsiders from learning the secret sources of information used during the war. In his absence none of his assistants can give any clue to the missing documents, which have disappeared completely. So far as the importance of the documents are concerned, in connection with the Schley case, copies have been published in the reports of the war department and the writers of the dispatches can be summoned as witnesses to testify as to whether the copies are genuine.

## MRS. NATION IN VAUDEVILLE

Report from Philadelphia That She  
Will Appear on the Stage  
New York, August 23.—A sporting paper says: "Carrie Nation is going into vaudeville. A dispatch from Philadelphia says that she will open there Monday at the Grand Opera House under the management of Robert Grau."

## MILWAUKEE DOES NOT WANT BELOIT

Football Fans Desire Any Other Club  
to Play in That City—A  
Protest Out.

Milwaukee, Wis., Aug. 22 (special).—The alumni of this city of Wisconsin University is raising an awful howl at the action of the football management at Madison in ignoring Milwaukee in the distribution of choice dates for the fall season. As a result a committee is now at work endeavoring to bring either Michigan and Minnesota or Minnesota and Iowa together at Milwaukee field during the coming season. The committee will be ready to guarantee \$5,000 for such a game and from advice already received here there may be a good chance of bringing some of the good teams together here. The guarantees argue that Beloit has opened here for the past three or four years and it is about a chance to see the Beloit team in this city and thus allow some other game to be scheduled for Milwaukee. The local alumni says that no support will be given the Beloit-Wisconsin game scheduled for Milwaukee.

Steps have been taken looking toward the organization of a strong football team made up of ex-college players. It is intended to play with strong teams at Chicago and other towns within a radius of 100 miles. This team has been started with the object of competing in opposition to the Beloit-Wisconsin game, should the Madison management see fit to bring it to Milwaukee. A strong team can be formed here, as there are such players as Henry Cochems, "Ikey" Karel, Alexander, Johnnie Gregg, Price and other stars.

## ELKHORN REUNION OF OLD VETERANS

Soldiers and Sailors of the Civil War  
from Walworth County Meet  
and Elect Officers.

Elkhorn, Wis., August 23.—The thirteenth annual reunion of the Walworth county Soldiers' and Sailors' association was held yesterday afternoon and evening, a large crowd being present from all parts of the county, as well as from Janesville, Burlington and other nearby cities.

At the business meeting George W. Wylie was re-elected president; Thomas W. Morefield, secretary; C. C. Gibbs, vice president, O. Carswell, treasurer, the Rev. T. DeWitt Peake, chaplain, and Dr. B. O. Reynolds, surgeon.

At the afternoon session speeches were made by the Rev. John Lugg, of Lyons; A. H. DeGraff, of Nelson, Buffalo county; department commander; Col. E. B. Gray, of Sheboygan, assistant adjutant general, and Major A. J. Cheney, of Oak Park, Ill.

At the camp fire in the evening speeches were made by Secretary Morefield, the Rev. Mr. Saltzman, pastor of St. John's Lutheran church, Commander DeGraff, Col. Gray, and Major Cheney. Mrs. Effie J. Palmer recited the poem, "Pickett's Charge at Gettysburg."

## GIVES \$10,000 FOR A HOSPITAL.

Robert Lebaudy Makes a Donation to a  
New York Society.

New York, Aug. 23.—Robert Lebaudy of France has subscribed \$10,000 to the building fund for the hospital the French Benevolent Association is to build in West 34th street. M. Lebaudy told Edmond Bruwaert, the French consul-general in this city, that his income had been so large last year that he did not know how to spend the money and he would like to give some of it for the benefit of his countrymen here. He is the son of the millionaire sugar magnate of France.

## RUSSIA THREATENS TURKISH FRONTIER

Brussels, August 23.—A Vienna dispatch to the Petit Bleu says: "According to advices from Galatz 20 Russian torpedo boats and several dispatch boats have arrived at Dniester Delta and Russian troops are commencing to mobilize along the Turkish frontier."

## THOS. S. NOLAN VICE PRESIDENT; NEW ELECTRIC LINE PROGRESSING

Meeting of the Stockholders and Directors in Beloit—  
Mortgage of \$1,000,000 Issued to Back an  
Issue of Bonds to Build Road.

Thomas S. Nolan is now vice-president of the Beloit, Delavan Lake & Janesville inter-urban line. He was elected to the office at a meeting of the stockholders and directors of the road held at Beloit Wednesday afternoon. The stockholders' meeting was held at the company's office in Beloit and considerable business was transacted. Howard M. Carter of Cleveland, Arthur Dryden of Toledo and Thomas S. Nolan of Janesville were elected as the board of directors.

After the stockholders' meeting had adjourned a directors' meeting was held and the following officers elected: Thomas S. Nolan, vice-president and Arthur Dryden, secretary and treasurer.

A trust deed to the Illinois Trust and Savings Bank of Chicago for \$1,000,000 was given upon all the property, franchises and right of way of the company to secure the issue of bonds necessary to secure the money to complete the road. A large majority of the bonds were taken by the eastern stockholders of the company. The bonds draw five per cent. interest and run for twenty years.

The Haves Brothers Company are hustling the grading of the line at a number of points between Beloit and Rockford. Eight gangs of men are employed on the different jobs. In many places there are heavy fills and deep cuts to be made and it is at these points that the work is now progressing.

R. W. Hill of Elyria, Ohio, is still engaged in securing deeds for the right of way between Beloit and Rockford and also in securing additional land along the road where heavy fills have to be made.

The promoters of electric inter-urban lines at different points about the state are beginning to feel the opposition to their plans which is fostered by the steam railroads. At almost every point where the electric lines come in competition with the steam roads for passenger traffic they find influences at work against their obtaining franchises, that can be traced directly or indirectly to the railroad companies. There are many reasons why the trolley line is the eye-sore of the steam roads. On account of the low cost of operating the line they are able to run trains within short intervals of each other and at a speed that is nearly as great as that of local passenger trains. Their lines penetrate the business portions of the cities and take on passengers at any point. The time wasted by passengers in going and coming from railroad stations not always centrally located more than makes up for the difference in the running time of the two systems. In warm weather the passengers escape the discomforts caused by smoke and cinders of the steam lines and can enjoy the pleasures of a ride through the country in open cars.

The electric roads will also cut considerable figure in the future in the matter of freight rates. They are all being built heavy enough and near enough like the steam roads to allow freight cars to be easily handled by the trolley cars. Merchants running country stores on the line of a trolley company and merchants in the suburbs can get goods from the cities and larger stores in one-fourth the time that it now takes to get them by the steam roads. In a few years it all the plans now under consideration come to anything, Janesville will be the center of a group of trolley lines which will make it easy to go to any of the surrounding towns at almost any time of the day at a small expense.

## NEW HAMPSHIRE HAS MORE WOMEN

Census Bulletin Shows They Pre-  
dominate in That State—Data  
of Four States Given.

Washington, D. C., Aug. 23.—The Census Bureau today issued a bulletin giving the population by sex, nativity and color for group 6, consisting of the states of Missouri, Montana, Nebraska, Nevada, and New Hampshire. According to this statement the males predominate in all the states of the group except New Hampshire. In the latter state there are 208,209 females, against 205,588 males, the percentage being 50.1 females. In Missouri 51.4 per cent. of the population is composed of males; in Nebraska, 52.9 per cent.; Nevada, 60.5 per cent., and in Montana, 61.6 per cent. The percentage of foreign born population in each of the states mentioned is as follows: Missouri, 7; Montana, 27.6; Nebraska, 16.6; Nevada, 23.8; New Hampshire, 21.4.

## STRIKERS DEFY CITY OF TAMPA

Strike Leaders Refused to Leave  
Town—Militia Has Been Or-  
dered To Be Ready.

Tampa, Fla., August 23.—The remaining leaders of the striking cigar-makers ordered to leave town refuse and bid defiance. Many of the strikers are armed and are making threats against the city if the leaders are deported. Trouble is feared and the militia has quietly been warned to be ready for a call if needed.

Forth Worth, August 23.—A cyclone did much damage in West Texas last night. The wind blew sixty miles per hour. No casualties.

London, August 23.—A Pretoria dispatch tells of the capture of an entire Boer convoy near Kalpeen-plats after sharp fighting.

## LIGHTNING BOLT STRIKES HOSPITAL; PATIENT IN OPERATING CHAIR HIT

Broken Particles of Glass and Plaster Fall Upon the  
Unconscious Woman and Pierce the Skin.

Egin, Ill., August 23.—With the last stitch in a ghastly wound in her body just taken, Mrs. Charles Pelton of West DePere, Wis., lay on the operating table at the Sherman hospital at 12 o'clock yesterday. As her uncle, Dr. O. L. Pelton, of this city, who was performing an operation upon her, bent over the unconscious form of his niece a blinding flash of lightning rent the skies and an instant later the bolt struck the flagstaff of the hospital. Tearing its way through the cupola, it crashed through a skylight which forms the roof of the operating room in which Mrs. Pelton lay.

A shower of glass fell into the room, striking the physician, the nurses, and the patient. Many of the sharp particles pierced the flesh of Mrs. Pelton as she lay on the table under the influence of an anesthetic. Dr. Pelton, although severely cut

## HE FELL FROM A BALOON

Aeronautist Drops Three Hundred  
Feet, Lands in Mud and Water  
New York, August 23.—Benjamin Benjamin, an aeronaut, fell from his balloon while making an ascension today at Hoboken, N. J. Benjamin fell possibly 300 feet into the Hackensack meadows, and this probably saved his life, as he landed in mud and water, sinking up to his neck. A boatman rescued him. He was not only hurt by the shock of the fall, but myriads of mosquitoes stung him as he was stuck in the mud and made his features almost unrecognizable.

## MRS. BECKHAM MUCH BETTER

Wife of the Kentucky Governor Ex-  
pected to Recover  
Frankfort, Ky., August 23.—Physicians attending Mrs. J. C. Beckham wife of the Kentucky governor, pronounce her much improved this morning. Her temperature has been normal and she was able to eat a light meal. She slept intermittently throughout the night, and rested well all of the time. If conditions do not change within twenty-four hours her recovery is looked for.

## FIND CANNON BALL AND END DISPUTE

Discovery on Battle Island Shows  
Where Black Hawk Stood In-  
viting a Truce.

St. Paul, Minn., August 23.—A cannon ball has been dug up on Battle Island in the Mississippi river, which locates, without doubt, the position, heretofore unknown and often disputed, where Chief Black Hawk, during the last days of the famous Black Hawk war, stood with his outposts, attempting to display the flag of truce to the steamer Warrior, which refused the request for mercy with a fusillade and cannon fire that killed twenty-three of the reds.

The ball was imbedded in the ground at the point of an island opposite the pavilion of the battle island assembly, and on a prominent hill where the misguided Indians perched themselves so that their flag of truce could be more easily seen.

It was in 1832, August 1, and Black Hawk, after warring for some time, had been chased across Illinois, up into Wisconsin to this point, his then small band being repeatedly refused the right to show the flag, and the United States soldiers hotly pursuing them in overwhelming numbers. When they reached the river Black Hawk took a white flag and went to the water's edge to surrender to the Warrior, that was coming up the river from Fort Crawford. As soon as the boat's crew discovered his identity they fired upon him, and, although Black Hawk escaped, his outposts, twenty-three in number, were slain.

## KISPERT WANTS TO SUCCEED DAHLE

The Jefferson County Man Has an  
Ambition to Serve His Dis-  
trict in Congress.

Milwaukee, Aug. 23.—George Kispert of Jefferson will seek the republican nomination in the second district if Congressman Dahle is not a candidate for re-election. Mr. Kispert was in the city today and made the above statement. He is one of the best known republicans in the district, and for some years he has been the chairman of the republican county committee.

In speaking of the situation Mr. Kispert said that he was in favor of Congressman Dahle if he desired to try for a re-nomination. Should the Congressman, however, announce his retirement from the field the Jefferson man said that he would at once announce his candidacy. From assurances already received Mr. Kispert said that he was certain of hearty support, not only from Jefferson county, but from other counties of the district.

Jefferson county, he thought, was entitled to the nomination if there was to be any change, and would try to get it.

## NOW ELEVEN POSTS IN BADGER STATE

Wisconsin Soldiers of Spanish-Amer-  
ican War Choose Major J. A.  
Nemitz for Commander.

Camp Douglas Range, Wis., August 23.—Major Julius Nemitz was elected commander of the Wisconsin department of the Spanish War veterans at the second annual meeting held here last night. Colonel Moore was twice offered re-election, but declined. Captain John Turner of Mauston was elected Senior Vice Commander, and Captain W. A. Marden of Oshkosh Junior Vice Commander. Seven delegates were present. There are now eleven posts in this state, with a membership of 813.

This morning the regiment left camp to maneuver on the sixth problem, designed by Lieutenant Colonel Reade, the result being that the larger force broke the lines of the smaller and captured the town.

## ISAAC VAN SCHAICK

Well Known Milwaukee Man, Twice  
Elected to Congress, Is Dead—  
Ripe Age of Eighty-Four.

Milwaukee, August 23.—Word was received yesterday from Cantonville, Md., announcing the death of ex-Congressman Isaac Van Schaick. Mr. Van Schaick was 84 years of age, and up to a week ago, though in poor health, was able to get around as usual. Mr. Van Schaick was for many years one of the most prominent citizens of Milwaukee. He came west in 1857, stopping in Chicago. Later he came to Milwaukee and engaged in the milling business with the late Edward Sanderson. In 1872 he entered politics, and was elected to the assembly, where he served two terms and promoted to the senate. He was elected to congress twice.

Mr. Van Schaick's methods of campaigning were the basis of many a good story. One was that when running for congress he went into a saloon well down on the South Side, where an inquisitive voter inquired:

"Mr. Van Schaick, how do you stand on the tariff?"

Quick as a flash "Van" replied: "Oh, I'm all right on the tariff, come up and have a drink, everybody, and there was no further calls for him to define his position."

## President Loubet Distinks Ceremony.

President Loubet, of France, is driving his master of ceremonies to despair, it is said, as he will have no ceremony at all and will not even permit visitors to be presented to him by the usual form of announcement.

## BELOIT BREAKS FAIR RECORD

Over 7,000 People Paid  
Admission at Gates  
Yesterday.

## FAKIRS ARE THICK

Two Applebys Give Crooks  
Very Little Chance to  
Do Their Work.

## BIG CROWDS TODAY

Beloit, Aug. 23.—Yesterday was a record breaker at the fair. More than 1,500 people paid at the gates for admission and many more would have attended except for threatening weather, which resulted in intermittent showers. All the stores and factories and both newspaper offices were closed in the afternoon to allow everyone to go to what is freely discussed today as the best and most successful fair ever given in the northwest.

In spite of the statements given out by the fair officials to the contrary, the gamblers and fakirs were running in full career again yesterday and fleeing people right and left. None of the officials assume the responsibility of their presence, but they are there and coining money faster than a mint. This feature is being severely condemned by most people. If the games were on the square, it would not be so bad for many persons like to see or pay to see that sort of thing as a part of the fair, but these grafts are better than a "lead-pipe cinch" for the operator.

No offense of any sort, except a few plain drunks, have been reported to the local police. Chief Appleby has on his staff this week his brother, "Billy" of Janesville and between the two of them a "crook" would have small chance to ply his craft.

The Forester teams of Camps 348 and 1,907, M. W. of A., of the city, held a competition drill yesterday afternoon at the grounds. Both teams are first prize winners this year and are so evenly matched that great interest attached to the event. The judges were N. D. Judson of Rockford and Ray North of Beloit, and by their markings the team of 348 was awarded the prize.

There will be no more running races this fair. The one held on the first day ended up in a row, and they are still quarreling and bickering in the training quarters over it. Two colored jockeys got at it and battered each other's countenances yesterday and apparently the end is not yet.

The Rockford Third Regiment band furnished excellent music yesterday, both day and evening. The attendance at the night fair has been splendid. Today is Brodhead and Monroe day and the people are piling into town in droves. The attendance is very large again. 7,000 paid admissions passed the gates on Wednesday.

## AN ULTIMATUM IS SENT TO SULTAN

French Ambassador Writes Him a  
Personal Letter, Threatening  
to Withdraw the Embassy.

Constantinople, August 23.—The French ambassador today sent a personal letter to the sultan notifying him that he would leave Constantinople with the entire embassy staff if the quay dispute was not settled immediately. The letter is looked upon as an ultimatum.

## WILL PROTEST ED. MERRILL

Conibeat of Chicago Says the Beloit  
Athlete is a Professional

Chicago, Ill., August 23.—H. G. Conibeat, trainer of the university of Illinois, will protest Beloit's star performer, Edward Merrill, in football and on the track. Merrill is the man who ran a sensational hundred yards in the "Big Nine" conference college track meet on Marshall field this year, beating Moloney, the crack of Chicago varsity. He is undoubtedly the leading all-around athlete of the West today and a star of rare magnitude. He will be charged with professionalism unless Conibeat's plans miscarry.

## LESS THAN LAST YEAR

Five Express Companies of the State  
Will Pay Taxes Amounting to  
\$6,744.94 This Year.

Madison, Wis., August 23.—(Special).—The five express companies doing business in Wisconsin will pay taxes amounting to \$6,744.94 this year, or \$502.07 less than last year. The amounts have just been fixed by the state board of assessment based on property valuation. The American pays more, than one-half of the total, \$3,622.77, which is about \$400 more than this company paid last year.

## CLINTON.

Clinton, Aug. 22.—The death of Mrs. Elly Treat, Gates, wife of the late Oscar Gates, occurred Tuesday, Aug. 20, at the home of her father, Hon. C. M. Treat, after a long illness. Two years ago she spent the winter in Alabama, deriving temporary benefit. Mrs. Gates was born in New London, Ohio, August 16, 1842, removing to Wisconsin with her parents when five years of age, residing in Rock County during the greater part of her life time. Was married to Oscar Gates, May 29, 1869. She was a woman of strong Christian character, devoted to mission work and will be sadly missed in the Congregational church and society with which she has been closely allied since its organization, joining only six weeks after its organization. Besides leaving an aged father, three children survive her. Mr. Cyrus Gates, Miss Alice and Mr. Volney Sales, all residents of Clinton, Mr. Gates having preceded his

wife in death three years ago. The sympathy of the many friends is extended to the bereaved family. The funeral will be held Thursday afternoon at 2 o'clock from Mr. Treat's residence, Rev. Wm. Moore officiating.

On Tuesday morning last about 250 men women and children were seen wending their way towards the depot with boxes and baskets in hand to take the 7:40 train bound for Geneva lake. The picnic was gotten up by the Congregational Sunday school who invited others to join, exchanging the steam cars for the trolly cars at Walworth. All report a most delightful day, enjoying boat rides and taking in the beautiful scenery which the lake affords. Next week, Thursday, the Methodist school will take their annual outing at the same place.

The new engine has been put in and is running very satisfactory in every way.

Rev. Mr. Clark of Sharon occupied the M. E. church pulpit last Sunday evening.

The union meetings Sunday evenings have been very much enjoyed. They will close next Sunday.

Work will soon begin on Mr. Woolsten's new house on Durand St. Miss Cora Mason returned from her Chicago trip last Monday evening.

Mrs. C. P. Drake has recently purchased a lot on the assembly grounds at Delavan lake and will erect a cottage next spring.

City gas has been put in several places of Clinton.

Mrs. Lemmel is spending a few days with relatives.

Isaac Cooper's sister is here for a short visit.

Prof. Loveland has returned from Buffalo and is conducting an institute at New Lisbon.

Miss Marjorie Northrop of Beloit has been visiting at Byron Snyder's.

Miss Daisy Northrup is home and is preparing to go abroad soon.

A goodly number are daily visiting the fair at Beloit.

Two vacancies yet remain in the school as teachers.

Miss Hattie Benedict is expected home from Oklahoma this week.

Mr. C. B. Babcock returned Monday from the East.

Mr. Peters and family are now occupying their new house on Church street.

Mrs. Solon Cooper is enjoying a visit from three sisters.

Dr. McChesle has returned from his two weeks' vacation in the northern part of the state.

Mr. S. M. Goodsell is away on his vacation.

Mr. E. L. Benedict has quite a display of produce at the Beloit fair.

## WEST PORTER.

West Porter, Aug. 22.—Evansville third annual fair which is to be held September 3, 4, and 5 will certainly be the best one of them all. Pres. W. E. Campbell and the other officers have spared no pains to make it an excellent success. The first day Gov. LaFollette is to give an address and the Porter Cornet Band have been engaged to furnish Tolles, leader of the band, is getting the boys in good shape for the occasion. There are interesting programs for the fair each day and numerous attractions, and in spite of the dry weather the exhibition of farm products will be good, as will all the exhibitions. The exhibits of stock will be an excellent one.

The Porter cornet band have been engaged to furnish music for the Union Labor picnic at Janesville on Labor Day and have been engaged to play at a M. W. A. picnic at Albany August 30. People know when they hire the Porter band they will get good music.

Mr. and Mrs. W. M. Tolles are on a two weeks' visit in the East. They expect to visit Buffalo before their return.

The ice cream social which was held at Geo. Keylock's last Friday night for the benefit of Mr. E. Churchill who recently burned out received a large attendance.

## FULTON.

Fulton, Aug. 22.—Carrie O'Berg and Mollie Ellefson were visiting in Stoughton a few days last week.

Stanley Sayre has returned to his home in Beloit.

## BRODHEAD.

Brodhead, Aug. 22.—At high noon Wednesday at the home of the bride's parents Mr. and Mrs. A. A. Ten Eyck, occurred the marriage of their daughter, Sarah, to Rev. Milton Livingston, of Mendota, Ill. The wedding march was played by Mr. Stillwell Moore of this city and no finer looking pair ever stepped before the matrimonial altar than these happy young people, were surrounded by a large company of their own people they took the solemn vows that united them for life. Following the wedding ceremony a reception was held to which a large number was invited. Until four o'clock the company made merry when all repaired to the depot where Mr. and Mrs. Livingston boarded the train amid a shower of rice for a trip to Chicago, from where they return to their home in Mendota. The bride is one of our best.

## NEW TOBACCO CROP FAST IMPROVING.

During the past week there has been quite a welcome change for the better in the tobacco outlook in this locality and the prospect for good tobacco has increased. As usual in such cases, the damage to the crop by the continued drought was overestimated but even allowing for exaggeration in predictions the present condition of the plants in many fields is a surprise to old growers. What looked to be a hopeless case a few weeks ago now gives promise of at least a fair crop. The plants in the fields now are spreading out, making a large desirable leaf. Under favorable conditions the late tobacco bids fair to be the best but naturally the late tobacco has many chances to face. A late fall with continued warmth and plenty of moisture would make the late tobacco fine in quality for it would have a rapid growth, a thing that is altogether desirable. With the tobacco everything depends on the weather with no frosts before the last of September.

Affairs are quiet in the local market and there are some small sales to manufacturers but no large transactions. There will probably be no sales of importance until after the sampling season which is now at hand. The topping of the plants continues and in many individual instances farmers are shedding but the harvest is not general as yet.

A tobacco grower may sell leaf tobacco of his own growth, in the condition in which it was cured on the farm, without restriction as to the quantity produced or sold. He may sell and deliver his tobacco in hogsheads, cases or bales, or loose, to any person, but he is not privileged to stem, twist roll, plait, sweeten or otherwise reduce the tobacco into a condition to be used by the consumer, or change in any manner other than the ordinary method of curing and drying, as all tobacco so changed, manipulated or treated, is regarded as manufactured tobacco, subject to tax, and as such must be prepared and put up by a specified manufacturer in properly stamped statutory packages before removal from the place of manufacture. No person can lawfully engage in the business of selling and delivering leaf tobacco to consumers as the agent of farmers, but growers may place their leaf in the hands of qualified leaf dealers who can lawfully sell such tobacco to other leaf dealers, to manufacturers of tobacco or cigars, or to purchasers in packages for export.—Western Tobacco Journal.

Liquor Seller Fined \$7,500.

Topeka, Aug. 23.—George Klauer, a "Jointist," to-day received the most severe penalty for violation of the prohibitory liquor law ever visited upon an offender during the twenty-one years since the constitutional amendment was adopted. Justice Disney fined Klauer \$7,500, sentenced him to 1,350 days in jail and placed him under \$10,000 bond to appear in the District court. He was found guilty on fifteen counts. Assistant Attorney General Redden, who appeared for the state, will get \$20 on each count, or \$300, from the state treasury.

## Tailor-Made Suits....

We will not expatiate at great length about them; we will simply say that a better opportunity to buy a Suit—a good, reliable, well made Suit—was never presented. We have some beautiful Suits and are willing to sacrifice profits, in fact lose a good bit on them to reduce stock. The Low Prices we are making for our very best Suits will surprise you.

69c When they're all gone you may regret....

that you did not lay in a supply of the \$1.00 and \$1.25 Shirt Waists that we are offering at 69c. There are about 200 of these Waists, both colored and white. Every woman knows how many times odd waists can be worn and how far 69c goes toward one if she has to buy the material and have it made. Other Waists 38c, 48c, 95c, \$1.48 were much higher.

15c & Flannelettes

The most complete line of Flannelettes can be seen here. Stripes, figures, flowers, dots and Persian designs; the Persians being particularly desirable. Ours will bear the closest inspection and if you examine them carefully we think that you will find that they are better quality than others being offered at the same price.

## Neckwear

Several lines of ladies' neckwear we are closing out at greatly reduced prices. Ties at 15c and 19c marked down from 25c. Dainty embroidered and lace collars at 10c that were 15c and 20c.

## MANCHURIA AGAIN

Those who are not weary at the never ending Chinese question, will remember a short time ago Russia tried to impose upon the Chinese a peculiar treaty in regard to Manchuria. The powers emphatically vetoed the proposition and rescued the Chinese envoys from doing what they were impelled to do by the craft of Li Hung Chang, who is decidedly pro-Russian in his inclinations.

The Powers know that although in name China is undivided and holds her doors open to the commerce of the world, yet in fact Russia has not the slightest intention of ever withdrawing from Manchuria.

The subject is brought to our attention again by the request made yesterday by Earl Li Hung Chang that some treaty be formulated, covering the government of Manchuria, which is still controlled by Russian troops.

Of course Russia can claim her troops are necessary to preserve order and protect the railroad interests belonging to the Muscovite empire; and these excuses will be made until they are threadbare, then new ones will be formulated.

Russia was repulsed by the powers in her last attempt to force a treaty on the Chinese; now she has inspired Li Hung Chang to ask for a treaty, and she will work out her schemes through that wily old statesman, so as to disarm if possible the suspicion of the powers.

Germany and the United States are indifferent, and England is not in a position to attempt to expel the great Northern Empire; so it looks as if Russia was in Manchuria to stay.

## DOWIEISM.

Every advanced thinker who finds his views not in accord with contemporaneous thought is apt to think he is ahead of his time, and that the world will after a time catch up with him. Such are the thoughts of Dr. John Alexander Dowie. He found as a Congregationalist that his opinions in regard to healing the sick were not in accordance with the New Testament as interpreted by fellow-ministers; he came to the conclusion that he was right and every one else was wrong, and this has been his attitude ever since, in his war against churches, doctors and the newspapers. This attitude is the most characteristic of Dr. Dowie's exhortations and to it is blamed the antagonism he invariably stirs in every community he enters.

Civil service Friends of the civil service will undoubtedly be disappointed in the report just issued by the commission;

although several recommendations are made, they are couched in half hearted language and are not so vigorous as many would like them.

The commission recommends the extension of the system to the District of Columbia employees and those of the congressional library, pension office and the department of internal revenue.

Although these recommendations are made, they lack the earnestness of conviction and serve simply to shield the perfidious character of the remainder of the report.

No space has been devoted to matters of investigation by the Civil Service League, which is a distinct slight in a direction where great good could have been expected.

Though the report lacks in aggressiveness, yet friends of the extension and protection of the jurisdiction of the commission, will find that there is a comfort in the fact that the general principle stands more firmly entrenched in civil affairs than ever, and is in no danger of serious impairment.

If the druggists of Chicago think they can successfully combine against the department stores, let them be reminded of the costly effort of over 5,000 retail grocers of that city to force legislation against these same institutions. These stores are a part of the natural law of supply and demand and never can be crushed.

## ATTEMPT TO LYNCH MOTORMAN

Crowd Becomes Excited in New York at Killing of Little Girl.

New York, Aug. 23.—A determined effort was made by a mob to lynch Julius Siebel, a motorman, because his car had killed Annie Emory, aged nine years, on Madison avenue. The car was coming down a steep grade when the child tried to cross, became frightened and hesitated, standing in the middle of the track. The motorman threw on the brakes, but too late. The little girl was thrown under the wheels and her head was crushed. People immediately swarmed to the place, women and children shrieking. The cry "Lynch him!" was raised by the men, and a concerted attack was made on the motorman. He was bruised and badly beaten before a squad of police rescued him, beating the crowd back with their clubs. Siebel was arrested.

## PHONE ACROSS CONTINENT.

Missing Link to Be Built Through Montana and North Dakota.

Helena, Mont., Aug. 23.—D. C. Murray of Salt Lake, general superintendent of the Rocky Mountain Telephone company, is here, and announces that an agreement has been reached between his company and the Northwestern company, whereby there will be at once constructed the missing telephonic link between the two oceans.

The Rocky Mountain company will build from its present eastern terminus at Billings to Miles City, while the Northwestern company will build west from its North Dakota terminus to the same place, thus forming a complete circuit via New York, Chicago, the Twin Cities, Helena, and Portland, from Boston to San Francisco and Los Angeles, undisturbed by the longest line in direct communication in the world.

## Manhei-Hell Marriage

The marriage of Miss Hartha Hell and Herman Manhei was happily solemnized at the parsonage of St. Paul's Lutheran church. The exchange of marriage vows was sanctified by Rev. J. C. Koerner who read the full church service. The bride was attended by Miss Gusta Manhei, sister of the groom and the groom's attendant was Herman Hell, brother of the bride.

After the wedding ceremony an elegant reception was given in honor of the bride and groom at the home of the groom's parents, Mr. and Mrs. G. Manhei, 454 Western avenue. The home was handsomely decorated with choice cut flowers and potted plants and the tables at which the bounteous wedding feast was served were also prettily decorated with flowers.

The evening was pleasantly spent with dancing and other amusements and a delightful surprise was perpetrated on the happy couple when the members of Company I marched down to the home to extend congratulations to the groom, who is a member of the company. Refreshments were served for the soldier boys and their visit added much to the happiness of the occasion.

The young people who have entered upon life's most serious obligations together are well-known in this city and both are very popular with their friends. The bride is an unusually attractive young lady and the groom is an enterprising young man. They have the best wishes of a host of friends.

## BIG STONE SEWER IS BEING BUILT

Work was begun yesterday afternoon on the large storm sewer which is being erected on Washington street from Magnolia avenue north to Mole's culvert. The contract for the work was awarded to Shearer & Peters at a meeting of the common council held on Monday evening, August 12. The sewer is an immense one and is being constructed of brick from the Fifield Bros. yard. The contract price for the sewer is \$3.50 per foot and as it is to be about 400 feet long, the work represents an outlay of about \$1,400.

Several poles belonging to the Janesville street railway company and the telephone companies had to be moved as they stood directly over the center of where the sewer is to be constructed. The companies owning the poles were required at their own expense to move the poles several feet.

The Smallest Pony on Earth.

The smallest colt in the world is owned by G. H. Hackstead, a blacksmith living near Ludlow, Ky.

It weighs twenty-four pounds and is only twenty-two inches tall. The colt was foaled on a farm near Fountain Ferry, Park. Its owner considered it worthless and sent it to Mr. Hackstead. At birth it only weighed about twelve pounds, although it was perfectly formed. Since that time it has grown very slowly, and for the last two months there has been almost no change in its height and weight. If it stops growing now there is no doubt that it is the smallest horse in the world. The colt is perfectly healthy and is well formed and strong. Its dam was a mustang pony of average size and its sire was a good-sized horse. The cross should have produced a medium-sized horse. The colt is good-tempered, although very frisky. It has been taught to follow its master like a dog and is very affectionate. The freak has attracted much attention since it has been on exhibition.

Born at the home of Mrs. E. E. Sprague of Edgerton, Aug. 20, a little son. Mother and child are doing well.

## BEAUTIFUL OAK HILL CEMETERY; IMPROVEMENTS NOW BEING MADE

**Practical Results of Work During the Past Few Years  
Now Plainly Visible—Grounds Attractively  
Arranged and New Buildings Added.**

Never in the history of the city has Oak Hill cemetery looked so beautiful as it does now and those who are interested in the improvements which are being made promise even better things for next summer. For many years the cemetery has been practically neglected save for the efforts of the individual lot owners.

Within the past two or three years there has been a radical change and the practical results are plainly visible. Today a drive, or a walk through the beautiful grounds where marble shafts gleam in solemn beauty among the stately trees is a continual source of a deep and genuine pleasure. As soon as the carriage turns from the main thoroughfare into the avenue leading to the entrance gates they begin to find delight in the beautiful picture made by the pretty chapel with its graceful outlines standing out effectively against the background of the thickly wooded hill behind. The grounds in front of the chapel are beautifully arranged and the circular drives around the little park show white against the deep rich green of the park. This park in the center of which the fountain plays, is outlined with flower beds of peculiar shape in which the flaming red of scarlet geraniums and the brilliant yellow of those big, beautiful blossoms known as golden glow or sunburst, show conspicuously against the green foliage.

As one rides up the broad avenue or walks on the new cement walk between the double line of trees the grounds surrounding the chapel grow in beauty. The road from the entrance winds past several other flower beds, most of them circular in shape. Some of them are made of late flowers which are not yet in bloom although the plants are heartily budded.

At the curve of the road near the evergreen hedge stands the new rest room which has recently been completed and thrown open to the public. This is a very picturesque building with red gabled roof and great broad verandas surrounding the room. The ceiling of the porch is painted blue and the rest of the building with the exception of the roof, is painted dark gray and sand-

ed. The effect is very artistic. The building stands on a high stone foundation, which forms a basement and a broad flight of steps leads easily to the front porch. Benches have been erected all around the building and in the waiting room there are a great number of chairs so that quite a crowd of people could be accommodated at one time.

The interior of the building is all finished in wood finished in hard oil. There is a good sized waiting room and off from it on either side are the toilet rooms. The men's toilet room contains nothing but the closet but the ladies' toilet room contains further a marble wash basin. A towel hangs on a roller on the wall and a looking glass is soon to be added to the equipment of the room.

In the basement of the building is the tool house which is very complete and is not only a storehouse for tools but is a workroom as well, with a carpenter's bench, grindstone and other mechanical conveniences. Entrance to the tool room is at the rear of the building.

Across the road from the rest room and facing the front porch is the large boulder fountain, the many sprays of water falling on the large stones and on the luxuriant growth of ferns and nasturtiums which all the crevices between. The nasturtiums are all in bloom now and the bright hued flowers look very pretty among the bright hued stones and under the falling waters. A similar fountain, though smaller, is at the top of the hill and another large one is being built in the center of the large circular park just beyond the waiting room. The grounds around the waiting room are being sodded and some new flower beds will be laid out this fall.

To no one quite so much as to W. T. Sherer is the great improvement in the cemetery grounds due. He has taken a great interest in the work and has devoted a great deal of his time to planning and making the improvements. Nature has been very generous with her gifts in this vicinity of the cemetery and with comparatively little effort on the part of the association Oak Hill can easily rank among the most beautiful in the country.

## PIONEER RESIDENT OF MILTON DEAD

Caleb Wells, Well Known Throughout Rock County, Died at His Home This Morning.

Caleb Wells, a pioneer resident of Milton and well known throughout the county was found lying dead on a couch in the sitting room at his home in Milton this forenoon. He was seventy-five years of age and was a retired farmer. He had been ill for two weeks but was better and yesterday was able to be about town, calling on some of his many friends. Death came apparently without warning. His lifeless body was found by his hired girl, alone in the house at the time. Mrs. Dorothy is a young girl about fourteen years of age and is the sister of Mr. Wells' son's wife.

The deceased man's son, B. H. Wells was in this city at the time of his father's death. Mrs. B. H. Wells is in the Palmer hospital where a surgical operation was performed on her this morning. Mr. Wells was at the hospital with his wife and left there about ten o'clock to take the train for home. A few minutes after he left the hospital a telephone message came there for him, announcing the sad news of his father's death.

County Treasurer Rice was in Milton last evening and called on the elder Mr. Wells. He was in excellent spirits and seemed in his usual good health at that time. The deceased man was highly respected wherever he was known and his sudden death will be a great shock to his host of friends. He was a widower and leaves one daughter, Mrs. Oscar Freeburn, and one son, B. H. Wells.

MARTIN LUTHER'S MISFIT.

Life insurance was unknown in Luther's time 1483-1484, or he might not have written: "man is not strong at twenty, handsome at thirty, learned at forty, and rich at fifty, he will never be strong, handsome, learned, or rich." That depends, so far as being "rich" is concerned, on what Luther meant by "rich." A man who gets to be fifty in those days can be what he would call "rich" if he then had nothing, by having provided for himself when he was at the strong and twenty stage with the ownership of a good endowment policy such as the Aetna Life Insurance every day. He could not thus acquire riches "beyond the dreams of avarice" it is true, but he could have enough to make him comfortable as he tackled the downward slide. Luther's remarks suited his times; but in the face of Life Insurance on the endowment plan it is a misfit. Let me explain the plan to you.

## FRENCH WARSHIP SAILS.

On Its Way to the Capital of the Ottoman Empire.

Paris, Aug. 23.—The Matin this morning announces that the French second-class cruiser Cassard started for Turkish waters yesterday and that a naval division is ready to follow.

The Temps this morning says the French ambassador at Constantinople was insulted by the sultan, and that the situation had taken a bad turn.

Expects Portet to Back Down.

The unanimous feeling is that the sultan will climb down. The coming visit of the czar strengthens the government's position. It could now make a naval and military demonstration without exciting hostile international criticism.

A foreign office official said:

"If the sultan does not keep the promises which he made at the last audience we will have to give the Turkish ambassador his passports. A solution one way or the other is probable within the next two days."

The approaching visit of the czar to France largely overshadows the interest taken in the Franco-Turkish incident. The apathy of the public is reflected by the comments of the newspapers. They generally express confidence in a peaceful settlement of the dispute.

Ridicules the Talk of War.

New York, Aug. 23.—Edwin Bruwaert, the French consul general in this city, ridicules the possibility of a war between his country and Turkey. "The trouble arises," said he, "over the wharves in Constantinople. A French company built wharves there. They were to charge vessels for docking privileges, and the Turkish government guaranteed the income up to a certain fixed sum yearly. If the income from the wharves did not reach that amount the Turkish government was to make up the difference. The income did not reach the sum fixed and now the company wants Turkey to make good its guaranty."

## TRAGEDY AT CRIPPLE CREEK.

Sam Strong, Millionaire Mine Owner, Shot Dead.

Cripple Creek, Col., Aug. 23.—Sam Strong, the millionaire mine owner, was shot and killed by Grant Crumley.

The shooting took place in the Newport saloon, owned by Crumley. Strong, with three friends had been out all night at various gambling saloons and at Crumley's had made a winning. John Neville, Strong's father-in-law, and Crumley got into a quarrel. Believing that his father-in-law was in danger, Strong drew a revolver. Crumley jumped behind the bar, grabbed a shotgun and blew a hole through Strong's head. He gave himself up to the police a few minutes later.

Sherman Crumley, Grant's brother, was shot in the thigh last night by William Tromback, in a quarrel over a bet. His wound is not serious.

The Crumley brothers owned the hack in which Adj. Gen. Tarsney of Colorado was kidnapped at Colorado Springs during the Bull Hill war, in 1895.

Strong formerly owned the famous mine at Victor, which bears his name, and he had other valuable properties in the Cripple Creek district.

## MERCANTILE AGENCY QUILTS.

Forced to the Wall by Three Creditors of the Concern.

New York, Aug. 23.—Three creditors of the Mutual Mercantile agency have forced the company to the wall. Its whole indebtedness, it is said, will reach nearly \$250,000, of which about \$75,000 is due to the directors of the agency for money advanced to pay expenses, an equal amount to employees for wages and the balance to tradesmen and to banks. According to President Magruder the company now has 4,000 subscribers. More than \$1,000,000 was spent in preparing data and publishing the book of the company. Franklin Edson, who was the first president, resigned last September and was followed by Norman C. Raff, who kept the place until April. Then Maurice I. Muhleman resigned the office of deputy assistant United States treasurer in this city to take up the presidency of the concern. He held it for a month. He was succeeded by Mr. Magruder, who came from Baltimore. The agency was founded in 1899, chiefly through the efforts of Erasmus Wiman, as a rival to R. G. Dun & Co.

## CALL PIERCE CITY MAD.

Negro Business League Delegates Denounce Missouri Citizens.

Chicago, Aug. 23.—Madness is the name which delegates to the National Negro Business League, which is in session at Handel Hall, characterize the action of the citizens of Pierce City, Mo., who have proclaimed that hereafter no negro will be permitted to spend a night in the village.

"It is a disgrace to American civilization that such atrocities are committed," said S. S. Cooper of Washington. "Look at the participants as individuals—the black who committed a crime against a woman, and the white men who committed a crime against innocent blacks—do they not belong in the same sentence of condemnation? Let the law be carried out against offenders as individuals and leave races and classes to enjoy the freedom which belongs to them."

Farmer Kills Himself.  
Ogdensburg, N. Y., Aug. 23.—John W. Laroek, a farmer, twenty-five years old, yesterday shot himself through the heart. Despondency is assigned as the cause.

## "THE COMMODORE."

On the occasion of its first production in Chicago where it ran for three weeks, and wherever subsequently presented, the naval drama of the war with Spain, "The Commodore," has deservedly aroused the greatest enthusiasm. The play will be given at Myers Opera House next week by Ferris' Comedians and should be warmly welcomed, for it is said to do ample justice to some of the most glorious achievements of our naval heroes. One of the most exciting and thrilling scenes occurs on the gun-deck of a U. S. cruiser in action. The drill at the guns, the orders for the maneuvering of the ship, the whistles, bugle-calls and signaling of naval officers, who have kindly supervised the details. The 4-inch guns with their elaborate mechanism of brush-blocks, elevating screws, range-finders, etc., are shown, and these are loaded and fired by electricity in sight of the audience. No such excellent opportunity to study all the details of the work of a ship in action has ever before been offered to landsmen. Another scene of intense interest is the engine-room of the same vessel with all the machinery in motion. The attempt of a Spanish prisoner to cripple the engines is here shown. The entire production is carried complete. There is an abundance of bright comedy and excellent cast, headed by Olive Martin and Wm. L. Roberts. Ferris' comedians open its week's engagement Monday night, August 26, with an elaborate and gorgeous presentation of Oliver Daud Bvins Massive Scenic Production, "The Plunger." This will be ladies free night. Seats go on sale today.

## For Notary Publics

The following law was enacted at the last session of the legislature which is of considerable interest to notaries public. Heretofore all that has been necessary for a notary to do was to sign his name as such officer to an acknowledgment. Under the recent act of the legislature considerable change has been made in the law and its requirements are not being generally complied with. The section reads as follows: "All certificates of acknowledgments of deeds and other conveyances or any written instrument required or authorized by law to be acknowledged by any notary public within the state of Wisconsin shall be attested by a clear impression of the seal of said officer and in addition thereto shall be written or stamped the day, month and year when the commission of said notary public will expire."

## Mrs. Beckham Much Better.

Frankfort, Ky., Aug. 23.—Physicians attending Mrs. J. C. Beckham, wife of the Kentucky governor, pronounce her much improved. Her temperature has been normal since noon, and she was able to eat a light meal this afternoon. She slept intermittently throughout the day, and rested well all of the time. If conditions do not change within twenty-four hours her recovery is looked for.

## Razing a Historic Building.

New York, Aug. 23.—Work has commenced on the tearing down of the National Academy of Design building on the corner of Twenty-third street and Fourth avenue, in this city. It is one of the historic buildings, and will be replaced by a structure to be used for business.

## Worth Reading.

"You will find enclosed thirty-one one-cent stamps for one of Dr. Pierce's Medical Advisers, cloth bound," writes James E. Crampton, Esq., of Sharpsburg, Washington Co., Md. "This book is for a friend of mine who is using your 'Golden Medical Discovery,' and I cannot praise your medicine too highly. I was in business in Baltimore and had rheumatism for three months; couldn't walk at all. I tried the best doctors I could get, but they did me no good. I took three bottles of Dr. Pierce's Golden Medical Discovery and it cured me sound. I came home to Sharpsburg, and there were three cases of different diseases. I advised the patients to use Dr. Pierce's medicines, which they did, and all were cured."

"Golden Medical Discovery" contains no alcohol, cocaine, nor other narcotic. Free. Dr. Pierce's Common Sense Medical Adviser, 1008 pages, is sent free on receipt of stamps to pay expense of mailing only. Send at one-cent stamps for the book bound in paper, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.

American Municipalities League.  
Jamestown, N. Y., Aug. 23.—The fifth annual conference of the American Municipalities League opened here today with an attendance of about 400 mayors and other city officials. Addresses of welcome were delivered by Mayor J. E. Johnson of Jamestown and S. Fred Nixon, speaker of the New York State assembly. A response was made by Mayor J. A. Johnson of Fargo, N. D., president of the league. Official reports were made by President Johnson of Fargo, Secretary MacVicar of Des Moines and Treasurer Taylor of Bridgeport, Conn.

**CHINESE BORN AMERICANS.**

Important Decision at Honolulu—Constitution and Flag.

San Francisco, Aug. 23.—The Associated Press correspondent writes from Honolulu under date of Aug. 14: United States Judge Estes has rendered a decision in which he declares that all Chinese born in the Hawaiian islands are American citizens, no matter what government they were born under.

Arrangements have been made by Territorial Treasurer Wright whereby the registered warrants that are outstanding will all be paid by borrowing \$150,000 from two local banks.

A special meeting of the Planters' Association has been called to discuss the labor question. There is a shortage of labor throughout the group. No more negroes are wanted, as those here have not proved good workmen and have been very troublesome. In some districts Porto Ricans are wanted.

The question of the constitution and the flag is not yet settled in Hawaii as applicable to criminal matters. The Supreme Court has just begun a special term to consider the cases of a number of prisoners released by the Circuit Court on the ground that they were illegally convicted; because after annexation they were found guilty and sentenced on verdicts of nine jurors. It is contended by Attorney-General Dole that the recent insular decisions contained nothing to indicate an opinion by the national Supreme Court that the first ten amendments to the constitution "follow the flag," but that the said decision simply covers the point that annexed territories cease to be foreign, as far as tariff considerations are concerned, as soon as annexation is complete.

**BIG STEAMER SINKS FERRY.**

Passengers Have Narrow Escape Near Port Huron, Mich.

Port Huron, Mich., Aug. 23.—The George McDougall, a big ore carrier belonging to the steel combine's fleet, ran into and sunk the steam yacht George Stauber, used as a ferry boat on the St. Clair River, opposite Fort Gratiot light. The yacht was crowded with passengers at the time, but all were rescued. When the boats were within fifty yards of each other the passengers on the Stauber observed that a collision was unavoidable. A panic ensued, many jumping overboard to escape being crushed down under the big freighter. The boats met with a terrific crash and the little steam yacht was crushed like an eggshell, sinking almost immediately, being torn in two by the McDougall. One young woman got hold of a male passenger's foot, to which she clung until pulled on to the piece of wreckage to which he was holding. Several others were rescued almost exhausted. One of the remarkable escapes was that of Dennis Kerrigan. He was at the engine when the crash occurred, and he felt the boat sinking underneath him. He made his escape by climbing over the wreckage and out through a skylight.

**WOMAN HEADS BURGLAR GANG.**

Cooks Meal Before Departing with Valuables Secured.

New York, Aug. 23.—It is believed that a woman is at the head of a gang of burglars committing depredations in Westchester county recently. Burglaries were committed in three towns in the county on Tuesday night. In each case there is evidence that a woman was concerned.

At Mount Vernon \$5,000 of valuables were taken from the home of Charles Barry. At this place the burglars cooked a meal before leaving and in addition to the fact that the prints of a woman's shoe were found under the window where the burglars entered, the manner of the cooking, gave evidence of a woman's skill.

**OREGON BRINGS \$500,000.**

Joseph K. Wood, a Passenger, Cited to San Francisco for Contempt.

Seattle, Wash., Aug. 23.—The steamship Oregon has reached this port from Nome. She had \$500,000 worth of treasure on board. Her most prominent passenger was United States Attorney Joseph K. Wood of Nome, who has been cited to appear before the Court of Appeals at San Francisco to show cause why he is not in contempt of that tribunal in the matter of the McKenzie receivership litigation.

The Oregon reports that the Roanoke, which left the north before the Oregon's departure and is expected to arrive in this port tomorrow, has

and other passengers Judge Arthur Noyes, who is en route to Washington, D. C., to answer charges that have been preferred against him.

**Chicagoan Made Vice-President.**

Denver, Colo., Aug. 23.—The National Railway Master Blacksmiths' Association elected these officers: President, W. P. Savage, International & Great Northern, Palestine, Tex.; first vice-president, John McNally, Chicago & Northwestern, Chicago.
